HOW TO CHANGE BATTERY

BATTERY REPLACEMENT

1. Remove nabi Compete from the wristband.
2. Remove the battery by separating the top and bottom covers using a mini flat-head screwdriver.

3. Insert new battery with the battery positive facing up.
4. Make sure the silicone ring sits properly on the top case.
5. Align the top and bottom covers, and press the two pieces together firmly until you hear a click.

A. Coin cell battery CR2032 B. Silicone ring

HELPFUL TIPS

TIPS TO WEAR AND CARE FOR YOUR NABI COMPETE

- Regularly clean your nabi Compete wristband, especially after sweating.
- Clean your nabi Compete wristband with mild soap-free cleaners or water.
- Do not use abrasive cleaners to clean your nabi Compete or its accessories.
- Dry your nabi Compete wristband regularly, especially after washing or wetting the wristband.
- Do not wear your nabi Compete tight to allow for air circulation.
- If you notice any signs of skin irritations or redness under the band, please remove your device and stop wearing it.
- If you experience any discomfort from wearing nabi Compete, please remove your device.

IMPORTANT SAFETY & HANDLING INFORMATION

Failure to read and follow these instructions may result in personal injury or product damage.

- nabi Compete and its accessories contain small parts, which can be choking hazards.
- If the battery is swallowed, immediately seek medical help, as serious injury may occur.
- Do not attempt to open the battery enclosure or otherwise to disassemble your nabi Compete product. Its components are not serviceable.
- Do not expose your nabi Compete to extremely high or low temperatures.
- Do not leave your nabi Compete near open flames, or dispose of it in a fire. The battery could explode.
- Do not leave your nabi Compete in direct sunlight for an extended period of time.

- Do not use abrasive cleaners to clean your nabi Compete.
- Do not use your nabi Compete in the sauna or steam room.
- Do not place your nabi Compete in a dishwasher, washing machine, or dryer.
- Remove the band before swimming, soaking in the bathtub, and deep sea diving.
- nabi Compete battery life can be shortened with heavy use.

FEDERAL COMMUNICATION COMMISSION INTERFERENCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This device has

been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC CAUTION

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: The country code selection is for non-US model only and is not available to all US model. Per FCC regulation, all WiFi product marketed in US must fixed to US operation channels only.

Do not expose the battery to temperatures higher than 158 °F.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF BATTERIES ACCORDING TO INSTRUCTIONS.

This symbol indicates that this product must not be disposed of with your household waste. It is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment.

WARNING: CHOKING HAZARD - Small Parts Not for children under 3 yrs. nabi contains small parts, which may present a choking hazard to small children. Keep nabi and its accessories away from small children.
