

Star 2

Pocket Guide

① Charging and Turning on the Watch

Please charge the battery when using the watch for the first time.
The watch will automatically turn on when it is charging.

Align the watch's charging point ① with the charger's charging terminal ② and insert it.

② Begin Setup

For the first time, the installation steps will be displayed on the screen. Please follow the on-screen instructions.

STEP A

Read the first instructions for use.

Pair Star2 with your device:

[Mobile side]

1. Download and open **Ala Connect**.
2. Register and Log in.
3. Main Menu> Device> Add a device.
4. Follow the on screen instructions from the app to complete the setup process.

STEP B

[Watch side]

The Watch will provide a **PIN** code to complete the pairing process.

STEP C

Enter user information:

Ignore this step if you have completed **step A**.

- Scan the QR Code to get the Ala Connect App.
- In order to use "Notification", please pair your watch and phone.

③ Enjoy!

Federal Communications Commission Statement

This device complies with FCC Rules Part 15. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment causes harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by doing one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. To maintain compliance with FCC exposure compliance requirement, please follow operation instruction as documented in this manual.

Presence Condition of the Restricted Substances(RoHS)

Equipment name: Star 2 GPS Watch		Type designation (Type): WB002		Restricted substances and its chemical symbols	
Unit	Pb	Hg	Cd	Cr ⁶⁺	PBB
Display					
Circuit board					
Shell					
Watchband					
Charging cable					
Packaging material					

Note 1: "Exceeding 0.1 wt%" and "exceeding 0.01 wt%" indicate that the percentage content of the restricted substance exceeds the reference percentage value of presence condition.
Note 2: "O" indicates that the percentage content of the restricted substance does not exceed the percentage of reference value of presence.
Note 3: The "-" indicates that the restricted substance corresponds to the exemption.

Product Warranty
